

Defensive Driving

Who is the course for?

This particular course has been specifically designed for drivers who need or want to enhance their driving standards, reduce damage, wear and tear on vehicles and promote good driving techniques.

Course Outline

By placing strong emphasis on pre-course discussion and listening to your needs, we are able to ensure you are given the necessary support you will need in your chosen programme.

Course Content

- Road Positioning
- Road Marking
- Different Road Surfaces
- Forward Observation
- Steering
- Braking
- Clutch Control
- Gear Selection
- Fuel Economy
- Hazard Perception
- Manoeuvring
- & much more...

Course Objectives

Defensive driving requires:

- Awareness and anticipation of the dangers that may be encountered in every day conditions
- The driver to consider each a hazard in sequence and adopt the correct position for safe navigation
- Appreciation of road conditions and proper control of the vehicle to ensure safety.

Delivery

The course lasts for one day, and candidates will receive a certificate of attendance following successful completion of the course.
